GENERAL CONSENT FOR PROCEDURES AND TREATMENT

I understand that Children's National Medical Center (Children's National) needs me to sign a consent. I understand I need to sign it before my child or myself as a patient 18 years of age and older can be examined or treated. I give consent to Children's National and its employees and/or contractors to examine and treat this patient by signing this paper.

I, _____ give consent to Children's National, its employees

and/or contractors to examine and treat_____.

I understand that:

- Tests and immunizations may be included;
- I may need to give a separate written consent for some treatments and procedures;
- **I can cancel this Consent in writing and/or limit release of medical records. If I notify Children's National in writing to cancel this Consent, Children's National may no longer examine and treat the patient**
- There are no guarantees for outcomes and results.

TEACHING, TRAINING AND EDUCATION

I understand that Children's National teaches and trains students in health care careers. I understand that physician teachers on Children's National's medical staff direct all student care at Children's National.

EDUCATION, PUBLICATIONS, MARKETING AND FUNDRAISING

I agree that Children's National may use unidentifiable patient medical information, statements, artwork, videos or pictures. As long as the patient cannot be identified, these items may be used for teaching purposes, educational/medical publications, marketing and fundraising. If identifiable information or a patient's likeness is used in any public capacity, Children's National will seek additional authorization from the patient's guardian.

PATIENT RIGHTS (parent or adult patient to check mark below)

☐ I have been given information about Patient Rights and the Notice of Patient Privacy Practices at Children's National in a language that I understand. I know who to contact with questions or concerns or to file a complaint.

ADVANCE DIRECTIVES: An advance directive, also known as a living will, is a legal document in which an adult patient specifies what actions should be taken for their health if they are no longer able to make decisions for themselves because of illness or incapacity. Booklets are available to patients over 18 years of age.

☐ Please check if one is needed and request a copy from the registrar or clinical staff.

☐ I have an advance directive and have been asked to provide a copy.

☐ Not applicable – patient is under 18 years of age

SPECIMENS AND BLOOD TESTING

I understand that some blood, tissues and other samples taken for tests or procedures may be left over after the test or procedure is finished. I agree that these items may be used for teaching, research or in medical chart review if the patient cannot be identified. These uses must first be approved by an Institutional Review Board and are not covered by U.S. law on human research. I understand that a health care provider may accidentally come into contact with the patient's blood or body fluids. If this happens, I consent to testing the patient for infectious diseases including HIV. I agree that the exposed person may be given the results. I understand that the law may require Children's National to report some medical outcomes to the government.

OBSERVATION AND MONITORING

I understand that Children's National may use video or other recording devices for treatment, teaching, monitoring of the condition, progress, and safety of the patient, or other clinical purposes including quality improvement related to Children's National's services. Photographs created for these purposes will not identify the patient by name. This does not include photographs for publicity which involve signature of a separate consent and release form.

PARENTAL ACCESS TO INFORMATION, VISITATION, DISCLOSURE (For Patients Under 18 Years Old)

I understand that either parent may see the medical record, visit the patient, take the patient home, or make care decisions. If a court has limited either parent's rights, I agree to give Children's the court paper stating so. I agree to give Children's National the names of any other people who I want to get information about my child. I agree to tell Children's National how to reach me such as by phone, cell phone, fax, mail, or e-mail. By providing Children's National with my cell phone and or landline phone, I agree to be contacted via text message, voice and/or recorded call by Children's National or its contracted business associates for all healthcare calls to include: appointment reminders, pre-registration instructions, prescription notifications, accounting, billing, or debt collection.

I understand that Children's National follows all federal and local laws including the Health Insurance Portability and Accountability Act. I understand that this Consent allows Children's National to use private health information for treatment, payment and hospital operations as defined in the Notice of Privacy Practices. I agree that Children's National may use de-identified health information about my child for approved research and quality improvement activities.

I understand that if my child is enrolled in my local public or private school system, limited information about my child's admission may be shared with the local school nurse in order to ensure continuity of care after my child's discharge.

The Children's IQ Network® connects Children's National hospital, emergency department, community health centers, independent health care practitioners, regional immunization registries and commercial laboratories. Health data pertaining to you or your child is shared between authorized

health care providers within the Children's IQ Network® to ensure that accurate and complete information is available to make your care or the care of your child safer, more efficient, and less costly.

☐ I hereby request to not have my or my child's healthcare information shared with other health care providers within the Children's IQ Network

PAYMENT, INSURANCE, AND ASSIGNMENT OF BENEFITS AUTHORIZATION

I assign to Children's National the right to bill and collect from any insurance that covers the patient. I agree to help Children's National seek payment and to tell the Children's National about any resources for payment of the patient's bill. I will pay any deductible, co-payment, and any amounts denied or not covered by insurance. If the patient is uninsured, I will apply for medical assistance programs including but not limited to Medicaid. If the patient is uninsured and is not eligible for a medical assistance program I agree to give financial information to Children's National to see if I am eligible for reduced charges or charity funds.

I understand that there may be professional fees associated with the patient's care and that those fees will be billed separately by the persons or organizations that provided the services. I assign the right to bill and collect from any insurance that covers the patient to any physicians, caregivers, or other providers of services who are not employed by Children's National and whose services will be billed separately for all treatment provided.

I consent to use and disclosure by Children's National and/or the patient's care providers of portions of the patient's Record, including medical records (including **psychiatric, drug and alcohol abuse information, genetic testing information, and the results of specific laboratory tests, which may include HIV or AIDS diagnosis), to any person or entity that is or may be responsible for all or any portion of Children's National's and/or providers' charges, including but not limited to insurance companies, health care service plans, worker's compensation carriers, medical or utilization review organizations of the foregoing** or to any other person or entity as necessary in connection with such payments or reimbursement.

I also agree that Children's National and/or the patient's provider may obtain from any source and examine and use, or discuss and disclose, the patient's medical record information (including medical history, examinations, diagnoses, treatments, any psychiatric, drug and alcohol abuse or genetic testing information, or HIV or AIDS information) to treating Children's national personnel and agents, other health care providers, medical records auditors, professional care committees, evaluators and governmental agencies in order to treat the patient or for Children's National to carry out its operational duties.

SPECIAL BILLING CIRCUMSTANCES

I understand that I must read and check mark (√) any of the below statements that apply to special billing circumstances. I understand and agree that I am personally responsible for making full payment for all charges resulting from this Consent for Services.

☐ Requested services that are outside of my insurance company's network.

☐ Knowingly requested services outside my highest level benefit option (e.g., Preferred, POS Choice, Select, etc...) and that my 'out of pocket' financial responsibility may be greater as a result.

☐ Not provided Children's National with the proper referral form, referral information and/or authorization.

☐ Not provided Children's National with adequate proof of insurance.

☐ Voluntarily requested that Children's National NOT bill any insurance I may have, without regard to whether these services are covered by any such insurance.

PATIENT IDENTITY

My signature below means that I have given truthful information about the patient's name and identity. It also means that I understand:

- How important it is to provide truthful and accurate information about the patient's name and identity.
- That incorrect or false information about identity can lead to treatment that could be harmful to the patient
- That Children's National reserves the right to take action for intentional presentation of false information including transfer of care and appropriate reporting to authorities.

DISCHARGE

I understand that Children's National is an acute care facility and that once the patient is medically able, he/she will be discharged to home or to a non-acute care facility. I consent to a transfer or discharge once the attending physician determines that it is medically appropriate. If I do not take the patient home after the patient is discharged to home, I agree to pay Children's National's full inpatient charges for additional days and services. I will provide the specific names of any persons other than the parents/legal guardian who are authorized to take the patient home when discharged from inpatient or outpatient care.
